

YEAR 1

Fall semester

- First-Year Experience
- College Writing I
- General Psychology
- General Chemistry I

Spring semester

- Developmental Psychology
- College Writing II
- General Chemistry II
- elective

YEAR 2

Fall semester

- Elementary Statistics
- Lifetime Fitness and Wellness
or other physical education course
- Introduction to Molecular and Cellular Biology
- Speech Communication
- Organic Chemistry I

Spring semester

- Anatomy and Physiology
- College Physics I
- Biblical Literature
- Organic Chemistry II
- sociology course

YEAR 3

Fall semester

- Pathophysiology
- Microbiology
- College Physics II
- elective

Spring semester

- Genetics
- Biochemistry
- Practicum in Health Sciences
- humanities course

YEAR 4 - KANSAS COLLEGE OF OSTEOPATHIC MEDICINE

Fall semester

- Integrated Anatomical Sciences I
- Foundations of Osteopathic Manipulative Medicine I
- Patient Presentation I
- Physicianship I
- Population Health and Evidence Based Medicine I

Spring semester

- Integrated Anatomical Sciences II
- Foundations of Osteopathic Manipulative Medicine II
- Patient Presentation II
- Physicianship II
- Population Health and Evidence Based Medicine II

Summer semester

- Integrated Anatomical Sciences III
- Foundations of Osteopathic Manipulative Medicine III
- Patient Presentation III
- Physicianship III
- Population Health and Evidence Based Medicine IV

YEAR 1

Fall semester

- First-Year Experience
- College Writing I
- General Psychology
- Introduction to Biology
- General Chemistry I
