“HAIL, MALTHUS!”

Thomas Malthus, Economist (1766-1834) theorized that because humans would never take control of the population problem, the only way humanity would remain in balance would be through natural disasters, famines and droughts controlling their growth.

SPECIAL THANKS TO...

Everence for their continued financial contributions to our theatre program.

hesston.edu/theatrecamp

In accordance with Kansas State Fire Marshal regulations, we request you take a moment to identify the two emergency exits closest to you. Staff members have checked these exits and the other emergency equipment in the building and verify they are available for use in case of an emergency. In the event of an emergency, pay close attention to the announcer or your usher for important life safety information.
